

Premium coffee concepts

Barista**ONE** Solo automatic

For **30 – 100** cups per day

All advantages at a glance:

- ✓ **Perfect extraction** thanks to auto adjustable grinders.
- ✓ **Two grinders** (e.g. 1x espresso / 1x coffee).
- ✓ **High quality exterior finish** with beautiful wooden side panels and polished steel. No brass or chrome plated parts! Even the sieve carrier is made out of stainless steel.
- ✓ **Miracle Milk Foam technology (IMS):** Hot and cold milk foam in different consistencies and Latte Art milk foam at the push of a button with water cleaning after each drink.
- ✓ **Plug&Play:** Easy exchange of a defective part within minutes, simply sent by courier service and without needing a service technician.
- ✓ **Internet portal and telemetry solution** for data evaluation and control.
- ✓ **5 Liter under table refrigerator.**
- ✓ Automatic **cleaning program.**
- ✓ Intuitive **touch display.**
- ✓ **Different temperatures** for tea water.

Technical data

Size	coffee machine	360x796x547 mm (WxHxD) Total required height to fill 900 mm
	MMF + fridge	370x505x490 mm (WxHxD)
Weight	coffee machine	60 kg
	MMF + fridge	28 kg
Power	coffee machine	3,68 kW
	MMF + fridge	2,3 kW
	Power requirement	230 V / 13 A / 50/60 Hz (only one connector)
